

AIG LIVER CONCLAVE 2025 **Hyderabad**

26 - 27, September, 2025

HICC, Novotel, Hyderabad

HIGHLIGHTS

- Comprehensive scientific program covering entire spectrum of liver diseases
- Eminent International & National Faculty
- Dedicated PG Course
- LIVE Endo-Hepatology Transmission
- Real Life Case-based Discussion

Patrons

D Nageshwar Reddy
Chairman, AIG Hospitals

GV Rao
Director, AIG Hospitals

Organizing Chairman

Dr. PN Rao
Professor Emeritus
Institute of Liver Sciences and
Transplant Hepatology, AIG Hospitals

Organizing Secretary

Dr. Mithun Sharma
Director & HOD
Institute of Liver Sciences and
Transplant Hepatology, AIG Hospitals

Organizing Jt. Secretary

Dr. Anand Kulkarni
Sr. Consultant Hepatologist,
Director - Critical Care Hepatology,
AIG Hospitals

Dear Colleague,

Greetings from the Institute of Liver Sciences and Transplant Hepatology at AIG Hospitals!

It is with great pleasure that we invite you to join us for the **AIG LIVER CONCLAVE 2025**, our annual flagship scientific gathering, to be held from **26th–27th September 2025** at the **Hyderabad International Convention Centre (HICC), Novotel, Hyderabad**.

This year's Conclave promises to be bigger and richer than ever before. We have curated a remarkable scientific program featuring an outstanding lineup of **international and national faculty**, each a leading authority in the field of liver sciences, coming together from some of the world's most prestigious institutions. Over two days, you will have the opportunity to immerse yourself in **high-quality didactic lectures, dynamic case-based discussions, and live demonstrations of cutting-edge endohepatology procedures** that are shaping the future of liver care.

The AIG LIVER CONCLAVE is not just a conference, it is an experience designed to broaden your knowledge, enhance your clinical skills, and foster collaborations. Whether you are a **Hepatologist, Gastroenterologist, HPB Surgeon, or a Postgraduate Student**, you will find immense value in the insights, practical pearls, and networking opportunities the Conclave offers.

Hyderabad, the city of pearls and Nizami cuisine, stands ready to extend its legendary warmth and hospitality. While you enrich your scientific perspective, we invite you to experience the city's vibrant culture, rich heritage, and culinary delights that make every visit memorable.

We sincerely hope you will grace us with your presence and make the AIG LIVER CONCLAVE 2025 an even greater success with your participation and valuable contributions.

We look forward to welcoming you to Hyderabad this September!
Warm regards,

Scientific Committee

Dr. Rajesh Gupta
Sr. Consultant - Hepatologist,
Asian Institute of Gastroenterology

Dr. Venishetty Shantanu
Consultant Hepatologist,
AIG Hospitals

Dr. Manasa Alla
Consultant Hepatologist,
AIG Hospitals

Dr. Sowmya TR
Consultant Hepatologist,
AIG Hospitals

Program Schedule

Day -1: 26 September, 2025 (Friday)

TIME	TOPIC
08:30 - 09:15	FGD 1: HCC FGD 2: Albumin FGD 3: PREVENTIVE HEPATOLOGY
08:30 - 09:15	MAIN HALL - PARALLEL PG Session
09:15 - 09:30	
09:30 - 10:30	PORTAL HYPERTENSION 1: Breaking the Pressure:Portal Hypertension and the bleed battle
09:30 - 09:50	Case 1: Approach to Portal Hypertension - Case based approach
09:50 - 10:10	Case 2: Resuscitation, Monitoring & Real time decisions for AVB in Cirrhosis
10:10 - 10:30	LECTURE: Novel treatment options for Portal Hypertension
10:30 - 11:30	VIRAL HEPATITIS: Hepatitis Uncovered: Viruses, Victims, and Victory
10:30 - 10:50	Case 1: Viral Hepatitis with a Twist: Unraveling the Cholestatic Variant
10:50 - 11:10	Case 2: When Fever Meets Yellow: A Case-Based Dive into Febrile Jaundice
11:10 - 11:30	LECTURE: PREVENT:PROTECT:PRESERVE - Post Exposure prophylaxis and Vaccinations
11:30 - 11:40	INAUGURATION 
11:40 - 12:40	AALD 2025
11:40- 12:00	Case 1: Young male with Severe Alcohol Hepatitis
12:00 - 12:20	Case 2: Early Liver Transplantation for Alcoholic Hepatitis
12:20 - 12:40	LECTURE: MetALD- Redefining Liver Disease in Metabolic Era and Management

Program Schedule

Day -1: 26 September, 2025 (Friday)

TIME	TOPIC
12:40 - 13:40	DISTINGUISHED LECTURES
12:40 - 13:00	Beyond Creatinine-Biomarkers of Renal Injury in Liver Disease and Clinical Implications
13:00 - 13:20	Evolution of MELD: Role in Nontransplant Setting
13:20 - 13:40	AI and Innovations in Hepatology
13:40 - 14:10	LUNCH 
14:10 - 15:10	AUTOIMMUNE: Immune Crossroads - Navigating Autoimmune Liver disorders
14:10 - 14:30	Case 1: Acute Severe presentation of AIH
14:30 - 14:50	Case 2: Young man with Ulcerative Colitis and deranged LFT
14:50 - 15:10	LECTURE: Complexities of AIH Management - When to Stop and How to Manage Relapse
15:10 - 16:10	CRITICAL CARE
15:10 - 15:30	Case 1: Acute Liver Failure - Management in Nontransplant Settings
15:30 - 15:50	Case 2: Bleeding in the Setting of Coagulation Failure in Cirrhosis
15:50 - 16:10	LECTURE: Artificial Liver Support Systems: Current Evidence and Future Perspectives
16:10 - 17:10	THE LIVER MASS SPECTRUM: Benign to Malignant
16:10 - 16:30	Case 1: Young Female with Large SOL Liver
16:30 - 16:50	Case 2: Navigating the Grey Zone: Treatment strategies in Intermediate -Stage HCC
16:50 - 17:10	LECTURE: ICIs in the Era of Liver Transplant: Navigating Opportunities & Risks
17:10 - 18:10	POTPOURRI
17:10 - 17:30	Case 1: Budd Chiari
17:10 - 17:30	LECTURE: Addressing sexual and reproductive health in Cirrhosis
17:50 - 18:10	RAPID FIRE
18:10 - 18:40	AIG ORATION

Program Schedule

Day -2: 27 September, 2025 (Saturday)

TIME	TOPIC
08:30 - 09:15	FGD 4: ALF FGD 5: AUD Naltrexone FGD 6: Transplant Hepatology
08:30 - 09:00	MAIN HALL: QUIZ (PATHOLOGY+RADIOLOGY)
09:00 - 10:00	PORTAL HYPERTENSION-II
09:00 - 09:20	Case 1: Abdominal Tuberculosis in Cirrhosis
09:20 - 09:40	LECTURE: Recompensation in Cirrhosis - Myth or Milestone
09:40 - 10:00	LECTURE: Delirious Cirrhotic Patient- HE and Beyond
10:00 - 10:40	NUTRITION IN LIVER DISEASE
10:00 - 10:20	LECTURE: Sarcopenic Obesity
10:20 - 10:40	LECTURE: Nutritional Optimisation Prior to LT
10:40 - 11:20	DILI
10:00 - 10:20	Case 1: Primigravida (Post IVF) with Elevated Liver Chemistries
11:00 - 11:20	LECTURE: Management of ATT induced Liver Injury (Case Based)
11:20 - 12:20	MASH
11:20 - 11:40	Case 1: Identifying fibrosis risk in MASH
11:40 - 12:00	LECTURE: Tackling MASLD without PILLS
12:00 - 12:20	LECTURE: Drugs for Fibrosis vs Obesity in MASH and Emphasis in Diabetics
12:20-12:50	DEBATE: AI in medicine: Enhancing Clinical Judgement or Eroding Human Touch 
12:50 - 13:20	LUNCH 

Program Schedule

Day -2: 27 September, 2025 (Saturday)

TIME

TOPIC

13:20 - 14:20 **AKI and Infection in Cirrhosis**

13:20 - 13:40 **Case 1:** Proteinuria in Cirrhosis - IgA nephropathy

13:40 - 14:00 **LECTURE:** Fungal Infection in Cirrhosis - An Underestimated Killer

14:00 - 14:20 **LECTURE:** Management of Ascites in CLD and CKD

14:20 - 16:20 **ENDOHEPATOLOGY+ IR HEPATOLOGY**

16:20 - 17:30 **EVIDENCE TO PRACTICE - Spotlight Sessions**

16:20 - 16:40 Precision Hepatology-Personalised Liver care

16:40 - 17:00 Preventing the First Decompensation - The Holy Grail

17:00 - 17:20 Decoding MASH Progression - Why some Patients Gets Worse

17:20 - 17:40 Management of AUD for Hepatologists

17:40 **VOTE OF THANKS**
