# SCIENTIFIC PROGRAMME

## DAY 1

13th June 2025 (Friday)

Time	Name of the Session
1:50 PM - 2:05 PM	Welcome/Introduction Rules of APCCC-South Asia

### SESSION-I

#### High Risk & Locally advanced Prostate Cancer

2:05 PM - 4:00 PM

Time	Name of the Session
2:05 PM - 2:20 PM	Radiological Staging of Prostate cancers: Options in the context of high-risk & locally advanced cancers
2:20 PM - 2:35 PM	Pathology of Prostate Cancers: ISUP grading,& not so common sub-types
2:35 PM - 2:50 PM	Biological staging of Prostate cancer: Evidence and application in the Indian context
Q & A and Voting	
2:35 PM - 2:50 PM	Current evidence for Radical Prostatectomy in High-Risk Prostate Cancers adopted to Indian context
2:35 PM - 2:50 PM	Radiation therapy schedules and volumes in high risk Prostate cancer
2:50 PM - 3:05 PM	How to select patients for adjuvant therapy after radical prostatectomy and how to treat them?
3:05 PM - 3:10 PM	Q & A
3:10 PM - 4:00 PM	APCCC South Asia Voting Results & Discussion
04:05 PM - 04:25 PM	Tea Break

## SESSION-II

### Treatment for Biochemical Recurrence or PSA Persistence 4:25 PM - 6:00 PM

Time	Name of the Session
04:25 PM - 04:40 PM	How to manage patients with PSA persistence following radical prostatectomy?
04:40 PM - 04:55 PM	Dose and volume of Salvage Radiation therapy; Do you treat pelvis?
04:55 PM - 05:10 PM	Second BCR (without correlate on imaging) after salvage radiation and/or after metastases directed therapy. How to manage these patients?
05:10 PM - 05:25 PM	Any other topic
05:25 PM - 05:30 PM	Q & A
05:30 PM - 05:50 PM	APCCC South Asia Voting Results & Discussion
05:50 PM - 06:00 PM	Summary & Conclusion for Day 1

# SCIENTIFIC PROGRAMME

## DAY 2

14th June 2025 (Saturday)

Time	Name of the Session
8:50 AM - 9:00 AM	Welcome / Introduction

### SESSION-III

## Management of Hormone Sensitive Prostate Cancer 9:00 AM - 11:00 AM

Time	Name of the Session
9:00 AM - 9:10 AM	Synchronous low-volume mHSPC- In which patients do you recommend combination systemic therapy plus local treatment of the primary and in which patients is ADT alone plus RT enough?
9:11 AM - 9:21 AM	Should the primary be treated in synchronous high-volume mHSPC?
9:22 AM - 9:32 AM	Which patients should receive triplet systemic therapy ADT plus Docetaxel plus ARPI?
9:32 PM - 9:40 AM	Q & A
9:41AM - 9:51 AM	Which patients with mHSPC can be offered a treatment break (de-escalation strategies) and how to manage the break?
9:52 AM - 10:02 AM	Management of frail patients with mHSPC
9:52 AM - 10:02 AM	Cardiovascular complications of ADT & How to select ADT and ARPI based on CV risk profile ?
10:13 PM - 10:20 AM	Q & A
10:20 PM - 11:00 AM	APCCC South Asia Voting Results & Discussion
11:00 AM - 11:20 AM	Tea Break

## SESSION-IV

### Miscellaneous & India Specific Questions 11:20 PM - 01:20 PM

	Name of the Session
11:20 AM - 11:30 AM Time	Ideal sequence after ADT alone or ADT plus ARPI for mHSPC
9:11 AM - 9:21 AM	Ideal sequence after ADT plus ARPI plus docetaxel for mHSPC
11:42 AM - 11:52 AM	PSMA based Theranostics: Its role and when to do it?
11:52 PM - 12:00 PM	Q & A / Discussion
12:00 PM - 12:10 PM	Castrate resistance after orchiectomy for localized prostate cancer
12:11 PM - 12:21 PM	India specific Q
12:22 PM1 - 2:30 PM	India specific Q
12:30 PM - 1:00 PM	APCCC South Asia Voting Results & Discussion
1:00 PM - 1:15 PM	Conclusion of the meeting Further steps: Roles & responsibilities
