SURGICAL WORKSHOP  
AND MORE

**RSVP: John Bosco - 90594 93458 | [oncology@aighospitals.com](mailto:oncology@aighospitals.com)**

Dear Colleagues,

Greetings from the Institute of Oncology, AIG Hospitals, Hyderabad!

It is our distinct pleasure to extend a warm invitation for the AIG Cancer Summit 2026 scheduled on 10<sup>th</sup> and 11<sup>th</sup> January 2026.

We have designed this meeting to bring together the finest minds in the field of oncology where you will have two days of enriching discussions, knowledge-sharing, and networking opportunities.

The inaugural version of this summit will focus on the latest advances in the treatment of Lung, Esophageal, Head & Neck and Breast Cancers covering novel therapeutic strategies and emerging technologies that are shaping the future of cancer care.

We are excited to introduce a unique feature at this year's summit - a dedicated session specifically tailored for practicing community physicians to explore holistic approaches to cancer and contribute to more effective treatment strategies.

Beyond the scientific sessions, the Cancer Summit promises a platform for networking and collaboration. Engage with fellow professionals, share your experiences, and build lasting connections that will contribute to the advancement of oncology as a whole.

Thank you for your commitment to advancing oncology, and we look forward to your presence at the AIG Cancer Summit 2026.

Warm Regards,

Organising Secretary

**Dr B Nanditha Sesikera**  
Consultant Clinical Oncologist  
Department of Radiation Oncology  
AIG Hospitals

#### Patrons

**Dr D Nageshwar Reddy**  
Chairman, AIG Hospitals

10:45 - 11:00	Metastatic Carcinoma Lung - EGFR + Problems of Plenty	Prabhat Singh Mallik
11:00 - 11:15	Breaking frontiers in 1L mNSCLC, leveraging Anti PD-1 & Anti CTLA-4. (Sponsored Session by BMS)	Naga Avinash Bonda
11:15 - 11:45	 <b>Panel Discussion - Managing Pneumonitis</b> <i>Panelists:</i> Bharat Rangarajan, Narmada Rathinaswamy Arun Chandrashekhar, Shakthivel Mani, Riddhijyoti Talukdar, Sashidhar Kaza, Soumya Parimi, Naren Bolineni, Harish	Moderator Ullas Batra
11:45 - 12:00	Extending benefit in EGFRm NSCLC. The power of combinations (Sponsored by AstraZeneca)	Vamshi Krishna
12:00 - 12:15	  <b>Inauguration &amp; Oration</b>	
12:15 - 13:00	<b>Clinical &amp; Translational Research in Breast &amp; Gynaecological cancers (ORATION)</b>	Sudeep Gupta
13:00 - 14:20	<b>LUNCH</b> 	

## SARCOMA

Chairpersons - Sanjeevi Kumari, Ashwin Shah

14:20 - 14:50

### Keynote Lecture

Evolving Role of Particle Therapy in Sarcomas

Siddhartha Laskar

14:50 - 15:05

How Much Pathology is Too Much?

Samir Rastogi

15:05 - 15:25

Extended Resections in Extremity Sarcoma

Abhijit Salunke

15:25 - 15:45

Does Histology Guide Extent of Resections?

Shraddha Patkar

15:45 - 16:15

### Panel Discussion - Localized Sarcoma - Extremity Sarcoma

**Panelists:** Mohit Sharma, Madhuri Boppana, Bindu Venugopal,  
Kesav Ramgopal, Sivender Alapati, Shantiveer Uppin, Srimanth B S

**Moderator**  
Sujana Priya

**Chairpersons - Srikanth, Yugandhar Sarma**

16:15 - 16:35

Intraoperative Therapies in RP Sarcomas

SomaSekhar

16:35 - 17:05

### Panel Discussion RP Sarcoma

**Panelists:** Ravi Jaiswal, Anusha KVL, Bharat Gurram,  
Ajesh Raj Saxena, Rig Ved, Vijay Karan Reddy, Anuradha Sekaran

**Moderator**  
Sridhar Dasu

17:05 - 17:25

Systemic Therapies in Metastatic Sarcomas

Prabhat Bhargava

17.25 - 17.40

Reinventing a Better Wheel in NSCLC (Sponsored By Intas)

Ravi Teja

17.40 - 18.00

**TEA BREAK**

18.00 onwards

### FIRESIDE CHAT - " Scrubs Off ! Game On !"

Rajiv Sarin, T S Rao, Chinnababu Sunkavalli

Kausik Bhattacharya

**DINNER FOLLOWS**

## GENETICS WORKSHOP

TIME	TOPIC	FACULTY
14:00 - 14:15	Principles of Genetic Counselling	Rajiv Sarin
14:15 - 14:30	When to Suspect Hereditary Cancer Risk, Types of Tests, When to Order What	Rajiv Sarin
14:30 - 14:50	Lesser Known Germline Mutations in Breast Cancer	Rima Pathak
14:50 - 15:05	Screening Strategies in HBOC	Alekhyia . P
15:05 - 15:20	Risk Reducing Surgeries in HBOC: Techniques, Gene Specific Benefits (BREAST SURGERY)	Pragnya Chigurupati
15:20 - 15:35	Risk Reducing Surgeries in HBOC: Techniques, Gene Specific Benefits (OVARIAN SURGERY)	Gayatri Kolagatla
15:35 - 15:55	Colorectal Polyposis Syndromes - Genes Inheritance Pattern, Penetrance, Associated Risks	Surya Balakrishnan
15:55 - 16:15	Lynch Syndrome genes, Inheritance Pattern, Penetrance, Associated Risks	Prajnya Ranganath
16:15 - 16:35	Screening/Prevention - Surgical Strategies In Hereditary Colorectal Cancer Syndromes	Shreeyash Modak
16:35 - 16:50	Pre-natal / Preimplantation Genetic Testing	Sarah Bailur
16:50 - 17:20	<b>Case Based Discussion</b> <b>Panelists:</b> Rajiv Sarin, Rima Pathak, Pragnya C, Gayatri K, Surya Balakrishnan, Prajnya Ranganath, Shreeyash M, Sarah B, Hardik Rughwani	Nanditha Sesikera

# PROGRAM SCHEDULE

## DAY 2: 11<sup>th</sup> January 2026

**AIG**  
**CANCER SUMMIT**

10<sup>th</sup> - 11<sup>th</sup> January 2026 | Hyderabad

TIME	TOPIC - <b>BREAST</b>	FACULTY
	Chairpersons - <b>C S Rao, Sudha Sinha</b>	
09:30 - 09:45	HER2 - Low & Ultra Low New Definitions (Sponsored by Astrazeneca)	Manikandan Dhanushkodi
09:45 - 10:00	Fluorescein Guided Surgery in Breast Cancer	Amar Deshpande
10:00 - 10:30	 <b>Panel Discussion - EBC - TNBC - Do We have a Consensus?</b>	
	<i>Panelists: Nihanthy, Ram Abhinav, Ajay Sasidharan, Vikas Jagtap, Prathima Kanumuri, Ashutosh Tondare</i>	<i>Moderator Vani Parmar</i>
10:30 - 10:45	<b>Redefining Treatment outcomes with Immunotherapy - Early Triple Negative Breast cancer (TNBC)</b> (Sponsored by MSD)	Ravi Jaiswal
10:45 - 11:00	Particle Beam Therapy in Breast Cancer - New Frontier	Tabassum W
11:00 - 11:15	Practice Changing Trials in Radiotherapy (Post Fast Forward)	Swarupa Mitra
11:15 - 11:45	 <b>Panel Discussion- HR+ Metastatic Breast Cancer- Beyond CDK 4/6i</b> (sponsored by Astrazeneca)	
	<i>Panelists: Anuradha Mehta, Davinder, Meena Konduri, Karishma Kirti, Kamana Lakshmi Priyadarshini</i>	<i>Moderator TP Sahoo</i>
	Chairpersons - <b>Raghunadha Rao, Jayanthi</b>	
11:45 - 12:00	<b>Evolving standards in metastatic TNBC</b> (Sponsored by Dr Reddy's labs)	Rakesh Pinniti
12:00 - 12:30	 <b>Panel Discussion - HER2 + Metastatic Breast Cancer</b>	
	<i>Panelists: Nitya, Sai Krishna, Sachin Khurana, Gunjesh Singh, Sudeep Das, Asit Mohanty, Priya Balakrishnan</i>	<i>Moderator Atul Batra</i>
12:30 - 13:00	 <b>Keynote Lecture</b>	
	Leading Change in Breast Cancer Surgery - Innovation, Education and Future Perspective	Harit Chaturvedi
13:00 - 13:30	 <b>Panel Discussion - Collaboration &amp; India Specific Data/ Ethical Issues in Trials &amp; Collaboration</b>	
	<i>Panelists: Anbarasan Sekhar, Tapas Dora, Soumen Das, Anushree Vartak, Anup Toshniwal</i>	<i>Moderator Senthil Rajappa</i>
13:30 onwards	<b>LUNCH</b>
